## MESSAGE FROM GRAND MASTER

NO HARM

Fighting is what they want, if you are driven to fight, they win; If you ignore them and use non-violent means, do not participate in their presumed, but not real authority, as a group, you win. We must use Light, Love, and non-aggression, and do not do them physical harm, we All win ...

## MESSAGE FROM PATRON

Dear Friends, 'successes' are becoming Visible in the Out-Side, the Material. Examples of 'influence', such as this our site [www.uqd-edu.eu](http://www.uqd-edu.eu) being BLOCKED by several NATION STATE CORPORATIONS. Why would that be, could it be they Wish NOT their SUBJECTS Awakened to Reclaiming Their Lands and Sovereignty?! There is more, such as Sovereigns of the Common Wealth Creating a International Tribunal For Natural Justice, [http://adventuresintosovereignty.org/?wysija-page=1&controller=email&action=view&email\\_id=46&wysijap=subscriptions&user\\_id=503](http://adventuresintosovereignty.org/?wysija-page=1&controller=email&action=view&email_id=46&wysijap=subscriptions&user_id=503)

Surely there be NO 'need' for alleged 'law', for these are merely Limitations to THAT YOU ARE, no, the Ultimate Sovereign 'lives' by just a Single Principle; Do No Harm, which defines it all, be the Living Principle, ONE with Origin-ALL Thoth.

## UQD FOUNDATION NEWS

Our website [www.uqd-edu.eu](http://www.uqd-edu.eu) has been BLOCKED in several countries! To date, we are aware of a blockage in Canada, India and Thailand. It is possible that its scope is even more widespread. If you are unable to access the above link in your respective country, please let us know immediately. We would greatly appreciate your cooperation in this matter. A lawyer was consulted, and we were told to file a complaint with the FCC & ask our elected representatives to intercede on our behalf since the blockage in question probably violates international committee considerations, and principles of net neutrality. We were also told we may be entitled to seek appropriate 'damages' for intentionally violating our 'rights', this however would be against our own Principles. A letter was sent to the Governor General in Canada to alert him of the situation and to ask him to intercede on our behalf. If the site is blocked in your country we ask to please take similar action, so Expression of Free Will can take its cause and effect ...

Highlighting the Works of our very own Knight Commander Brennan Purtzer (Micronesia).

A few months ago, we featured Sir Brennan, but he has been gracious enough to provide us with a glimpse of his current Master's Thesis that he has been working diligently on. Find out about his very clever way to tackle a trade imbalance by employing a technology and a slight restructuring in agriculture policy, can save countries hundreds of thousands of dollars in import tax/theft. The best part about Brennan's unique model is that it can also be utilized in other countries as well.

To read a short synopsis of some of his research [www.uqd.edu.au/pages/BrennanPurtzer/docs/3D%20Printing%20for%20the%20Remote%20World.pdf](http://www.uqd.edu.au/pages/BrennanPurtzer/docs/3D%20Printing%20for%20the%20Remote%20World.pdf) Or to view his thesis click here: [www.3dprintmicronesia.net](http://www.3dprintmicronesia.net)

## Knights in Action

In each issue, this section will showcase all the Great Work that our White Knights, UQD Professors or "Friends of the White Knights" are doing worldwide in their own communities.

This month we are highlighting the works of "Friend of the White Knights", Artist John Hood (Canada).

At age six, John was sent to an Art school where after two weeks he left, because the instructor told him he had talent but, without following his method and style, he would go nowhere. I think it is safe to say that, that teacher was gravely mistaken! John sent one of his prints entitled "The Gaze of Jesus" to Pope Francis in which he received a thank you letter from him. This piece is set to be featured in an African magazine in the near future. John does fine line and dot drawing, with an ink pigment pen that is .005 mm in diameter. He also completed a few watercolor pieces as well. His total Art collection consists of about 80 pieces. Some take several years before considered 'finished', the longest piece, "the Wild Women of the Woods" took 10 years."

Highlighting the Works of "friend of the White Knights" Inventor and Engineer, Punit Patel & Global Renergy Team (India).

We are in an Energy hungry era where our lives are dependent on power. Due to sudden climatic changes we are now focusing towards renewable energy sources like solar and wind. How about a system which is not dependable on solar, wind, water? A self charging system but it is not a perpetual motion device. They are currently working on a mini version of SCG, a portable generating system that charges both cell phone and its battery! [youtu.be/ssKqWvErEjA](http://youtu.be/ssKqWvErEjA) They have also successfully created a high efficiency (>95%+) Alternator that uses less torque to generate power than more traditional type models. Alternators tested in kW are:- 1.5, 2, 5, 7.5, 10, 20 kW. Similarly they have also constructed a highly versatile Self Charging Generator (SCG). True abundance comes with sharing.

# Time of Life

by: Prof. Stephen B. Palmer © 2006

Touch the Stone of Time,  
Feel your trace -  
Know your ecstasy, as life bubbles over;  
See only introspectively of our grace -  
Feel we all, of meadows of green clover!

Touch one more time, feel life's embrace,  
Know we all hold personal majesty -  
And our essence, forever fills all space;  
For we see our past, not our infinity!

As we turn and touch the Stone of Time,  
We see our lives held in mortal brace -  
But once we see the light & hear the chime,  
We turn only to see our own face!

To our credit, we have only our ourselves to chase -  
With consciousness that forever emanates in space!
